- Students who completely applied for fall 2022 on-campus housing and paid the non-refundable deposit by the priority deadline (*Returning Students - April 4, 2022 / New Transfer & New Graduate Students - June 1, 2022*) are eligible to participate in the room selection process.
 - If you do not meet the priority deadline, you will **not** receive a date and time for selection.
- Students will receive an invitation via their NSU email to select their room.
 - Invitations will be sent to students in the order that they completed (applied & paid the deposit) the fall 2022 housing application. The order will be in accordance to the date and timestamp recorded in the housing portal.
- Students will have 48 hours to select their room.
 - If a room does not appear in the room selection, **it is not available**.
 - Other students are making selections at the same time, so if you get an error, you most likely hit confirm **AFTER** another student claimed the room.

Students will have 48 hours to select their room.

- If you would like to select as an individual, you will be able to select into any available space that has "1 spot" available.
- If students have a desired roommate whom are they matched with, the roommate with the earliest room selection invitation can select their room for both them and their "matched" roommate.
 - A "match" is a set of students who applied and paid the deposit by the deadline and selected each other.
 - Students should complete their profile so that it is easy to find their potential roommate.
 - Students who select each other will see that they are a "match" in the housing portal.
 - They should communicate with their "matched" roommate. Once a selection is made, **it cannot be undone**.
 - Both students must qualify for the hall & room that they select.
